SABRINA SCHEUER | HAIR & MAKE-UP

Sabrina has been a well-respected Hair & Make-Up Artist in Europe and in Australia for over a decade.

She has always been fascinated by the concept of beauty and how Make-Up and Hair Styling can be used to transform and accentuate everyone's innate beauty.

Sabrina started her career in Germany as a hairstylist at the prestigious hair salon "Oliver Schmidt Hairdesign". By the age of 22 Sabrina moved to Australia to establish her career as a Make-up Artist in Sydney and Byron Bay where she was based for 7 years - working for campaigns, editorial- fashion and beauty publications, runway shows, e-commerce and TV & Film.

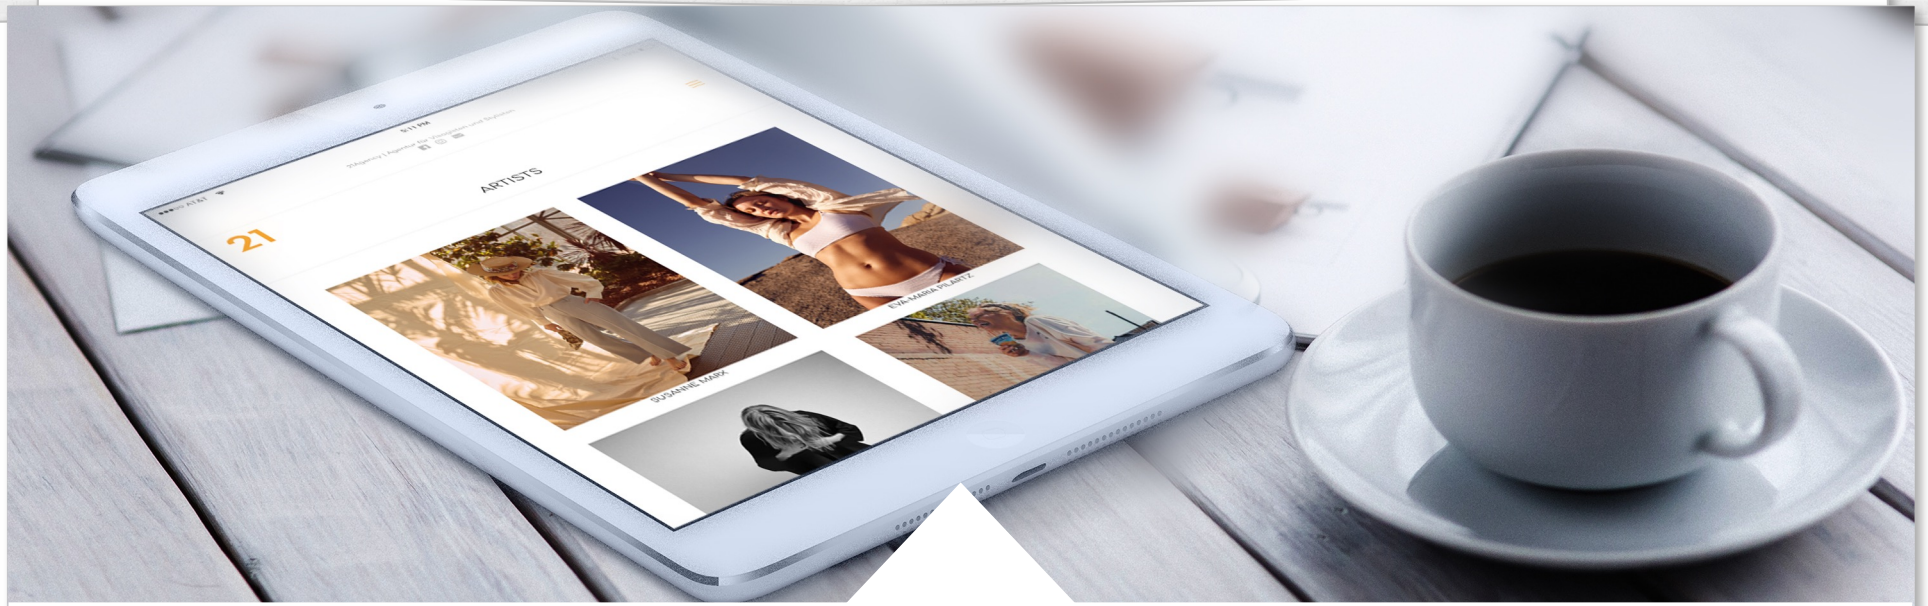

She is now back in Germany with a reputation for creating effortless beauty with a focus on fresh, natural and flawless skin. Her work can act as adornment or statement, an instant beauty boost or a dramatic transformation. She understands when to pull back and when to create.
